German Submarine Stand Unchanged.

Supposed German Spy Arrested in Arizona.--- Mexico Butts Into War Game.

Press Bulletins Tell The Story Of The Progress Of "The War."

NOGALES, ARIZ., Feb. 19.—Fred Kaiser, said to be a German subject, was arrested here on a charge of violating the National defense laws. He was specifically charged with entering a warehouse illegally and was alleged to have been obtaining military information. Kaiser resided in Nogales.

BALTIMORE, MD., Feb. 19.—That the merchant submarine Deutschland has been captured and that he saw her in Plymouth harbor with 186 other German submarines, was the statement made here by William Palmer, second engineer to the American transport liner Mongolia. Palmer said that the British had captured 400 enemy submarines and that 187 of them were in Plymouth chained together in the center of a huge network of chains.

INDIANAPOLIS, IND., Feb. 19.—Advocating at least one year of military training for all males between the ages of 19 and 24 years, and asserting that if a league to enforce peace is formed at the close of the European war, America should join it, former President W. H. Taft addressed the State Legislature in joint session here. He urged all true Americans to stand by President Wilson and Congress in the crisis.

LONDON, Feb. 19.—The negotiations between Frederick C. Penfield, the American Ambassador at Vienna, and Austria-Hungarian Government has been broken off, according to the Berliner Tageblatt, as quoted in an Exchange Telegraph Company dispatch from Copenhagen.

BERLIN, Feb. 19.—The increasing possibility of war between the United States and Germany has increased the tension between Vienna and Washington, according to the Vienna correspondent of the Berliner Tageblatt.

NORFOLK, VA., Feb. 19.—A warning to marines that a big steel net, such as Great Britain has used as a guard against submarines, is being placed in position at the entrance to Hampton Roads was issued by Rear Admiral McLean, commandant of the Norfolk navy yard. About half of the work has been completed. Details of the navy's plans for closing the roads against entrance of under-water boats have not been revealed, but it is believed that when complete the net will entirely block the channel.

WASHINGTON, Feb. 19.—Notice of a dangerous area in the North Sea because of operations against Germany has been given by the British Admiralty. A copy of the notice, dated February 13, has been received at the State Department. It warns shipping that after February 17 a prescribed area, including all waters off Germany and parts of Holland and Denmark, will be dangerous and should be avoided.

EL PASO, TEX., Feb. 19.—Francisco Villa has made his way to the west coast and embarked for Japan, according to W. L. Crawford, a cattleman of Dallas Texas, a former Texas rancher, who says his source of information was one of Villa's trusted agents and a man known to him to be reliable.

Various versions of a story that Villa informed his leaders of his intentions of absent himself for three months and to return with news "that would make his followers throw their hats into the air with joy" have reached the border.

BERNE Via Paris, Feb. 19.—There is no doubt in the minds of Americans who have come to Switzerland from Germany since the severance of diplomatic relations between Berlin and Washington that the German public to-day presents a solid front. Any danger of serious internal disturbances such as has been hinted at in publications outside of Germany is regarded as being remote as it was many months ago. Nevertheless, the state of public opinion has become a pressing problem, especially during the last few weeks.

NEW YORK, February 19.—Twelve steamships, one of them flying the American flag, have sailed from here, presumably for European ports, which will necessitate their passage through the "prohibited zone" announced by Germany. Three vessels that came through the restricted area, one of which was of American registry, arrived here.

PARIS, Feb. 19.—A wireless dispatch received here from Bern, Switzerland, says the Brazilian minister at Berlin by order of his government has warned Germany that Brazil will hold her responsible for the fate of three Brazilian vessels approaching the war zone. These vessels left Brazil for Entente countries since the declaration by Germany of her submarine blockade.

VIENNA, Feb. 19.—Official circles in Vienna do not regard the situation between the United States and Austria-Hungary entirely hopeless. Efforts by the American Embassy to maintain friendly relations are believed to be in

dications that a severance of diplomatic relations is not to be expected immediately. The feeling in Vienna is, however, that there is not the slightest chance of the Government's yielding from unrestricted submarine warfare as declared by Germany.

WASHINGTON, Feb. 19.—With the end of the Sixty-fourth Congress but two weeks off, Administration leaders are concentrating their energies to the enactment of revenue and national defense legislation. Much long-pending general legislation everyone recognizes must give way to appropriations and measures that relate to the preparation of the nation for eventualities which may grow out of the diplomatic breach with Germany.

WASHINGTON, Feb. 19.—The Greek legation in a statement issued here says famine is resulting from the Entente blockade of the coast of Greece and the poorer classes are living on herbs and grass. It also is declared that despite compliance with the ultimatum of the Allies there has been no relaxation of blockade measures.

PARIS, Feb. 19.—Americans in Austria have been warned from Washington to leave that country.

BERNE, SWITZERLAND, Feb. 19.—The Swiss Federal Council has proposed that leading Swiss citizens be ready to continue the Belgian and French relief work, of the American Relief Commission retires from Belgium and Northern France.

EL PASO, Feb. 19.—A report is current that cattlemen in the Hachita district of New Mexico intend to form a punitive expedition of their own to cross into Mexico and chase the bandits who murdered three Mormon cowboys on the Corner ranch last Monday.

BALTIMORE, MD., Feb. 19.—After being held up twice by Allied patrol boats under suspicion of being a German mine layer, the American steamer Carolinian, Captain Smith, arrived here Sunday. Capt. Smith said the day of Biscay, off the French west coast had been thickly strewn with mines by the Germans, and that his ship, nearly run down a mine and was compelled to signal for a patrol boat. He said the mines are of the floating type.

WASHINGTON, Feb. 19.—The submarine situation seemed at a standstill to-day with the government apparently closely watching developments, cautiously preparing itself for eventualities and adhering to its plan for taking action to protect American rights when the moment arrives. The slackening of the ruthless campaign in the last three or four days is regarded as reducing the chance of an attack on an American ship or loss of American lives, but with the coming of warmer weather it is expected to increase in intensity.

BASKET BALL GAMES.

The basket ball teams of the Paris High School and the Clark County High School will meet in a double header at the Y. M. C. A. gymnasium next Friday night, February 23. This promises to be one of the most exciting games of the season. The Winchester boys team defeated the P. H. S. boys' team some time ago, while the P. H. S. girls' team turned the trick for the Winchester girls' team. With the Paris teams taking a high rank as basket ball players, local patrons of the game should turn out in a body and encourage them to put forth their best efforts.

WINCHESTER YOUTH ARRESTED HERE FOR FORGERY

William Abney, of near Winchester, was arrested here Sunday morning on a warrant from Winchester, charging him with having forged the name of Luther W. Reeves to a check for \$10, which was cashed by a Winchester bank.

Abney came to Paris on the early train from Winchester, Sunday morning, and was promptly placed under arrest as soon as he stepped from the train. Chief of Police Woodson McCord, of Winchester, accompanied by Wm. Barnett, came to Paris, Sunday, and took Abney back to Winchester, to answer the charge against him.

THE WEATHER.

Forecast from the Weather Bureau for this vicinity for the week beginning Sunday, February 19, is as follows: For Ohio Valley and Tennessee: Snow or rain probable first part of week. Fair after Tuesday until Friday or Saturday, when snow or rain is again probable. Considerable colder first half of week, followed by warmer after Wednesday.

IN SPENCER COUNTY.

O. Edwards, of the Paris Realty Co., has been in Spencer county for the past week with a party of prospective purchasers of Spencer farm lands.

SMALL FARM SOLD.

The Paris Realty Co. sold Saturday a 10-acre tract of land belonging to Chas. Ashurst to Jeff Kiser. The price was a good one, but was not made public.

THE TOBACCO MARKETS.

Growers and handlers say that about eighty per cent. of the Bourbon county crop has now been brought to the local market, and that the remaining twenty per cent. is probably being held by its owners in hopes that there may be a rise in prices that would tend to help them grab off a nice slice of cash. The change in the weather of the past two days was the means of promoting good sales at all three houses in Paris yesterday, and good floors were offered. The farmers have been busier than ever before at this season of the year in trying to get their tobacco to the market.

The finer grades of tobacco are making slight improvement in price, and the market this season has been unusually good, as the demand has been general for the better grades of the weed, and fairly good for the inferior grades. A number of farmers are already making preparations for the coming season, but they say that the ground rentals will be considerably higher.

DESPONDENCY AND ILL HEALTH BRING ABOUT SUICIDE.

Despondent on account of continued ill-health, Yancy Case, aged fifty, a resident of the North Middletown vicinity, fired a bullet into his brain Saturday morning, causing death instantly. Case formerly resided in Mason county, but for the past two years had been making his home with his cousin, Mr. Edward Case, on the latter's farm near North Middletown. Friday afternoon Case went to the home of Harry Wells, a relative, to spend the night. He seemed very despondent, and had but little to say. Being rallied upon being in such low spirits, he remarked that bad health was enough to make anyone want to die. He retired early. About four o'clock Saturday morning Mrs. Wells, while preparing breakfast for her husband, heard a pistol shot upstairs. She hurriedly summoned her husband, and upon going to the room Case was found lying across the bed, and a bullet wound in his temple. Coroner Davis was summoned and after viewing the body and learning the facts held an inquest at which the usual verdict in accordance with the facts was rendered. Case was the son of the late Mr. and Mrs. Amos Case, of Bracken county, and is survived by two sisters, Mrs. Marcella Davis and Mrs. Ida Mitchell, both of Mason county. The body was taken to Maysville, Saturday night for burial.

MR. LEACH BUYS THE WILLIAMS FARM.

Auctioneer M. F. Kenney sold at the court house door in this city Saturday for Mrs. Eleanor Williams, 39½ acres of unimproved land, lying on the Hawkins & Cummins turnpike, in this county, about seven miles from Paris, to Mr. Tom Leach, of the Centerville vicinity, for \$85 per acre.

EDITORIAL MUSINGS.

The Success of Frauds.

A Department of Agriculture Bulletin calls attention to the selling of certain imitations of foreign patent medicines. The supplies of these being cut off by the war, unscrupulous makers in our country are getting a harvest out of worthless substitutes.

In spite of all the campaign for pure foods and drugs the public must still be vigilant. There is, however, a growing sentiment against false labels.

Herring are good little fish, and they might sell just as well even if they were not labeled sardines. Is it necessary to label as calf some shoe cut from the skin of an ancient animal ready to drop from old age? It does not make the boarders like skin milk any better to call it cream. People with an ordinary developed sense of taste can detect if sugar is partly flour and starch. And if roasted acorns and grains are put into coffee, the consumer detects it, and the dealer who sold it to him suffers.

The American people are rather tolerant with frauds. Public sentiment for public administration seems defective, when the successful adulterator can get away with his deceptions, and ride in the finest automobile and dominate social life. A man with right feeling would never be happy on a fortune earned through deception. But this is in an age where few questions are asked as to where money comes from.

It is a period, however, when a great and increasing number of peo-

Rheumatism attacks the "outside" man. Pains and aches stiffen his joints and muscles and reduces his efficiency. At the first twinge get Sloan's Liniment, easy to apply, it penetrates without rubbing and soothes the soreness.

ple demand to be "shown." From now on it will be hard to find a successful business on lies. But the fraud will be shown up, and the faker may have to be idle quite a time before he works up his next scheme. The public values more and more the man who shows up everything about his goods and invites the closest inspection.

Tree Planting.

The spring is the favorite time for planting trees. People are then looking forward to the beauty of summer and thinking of improving their home places. But many experts consider the fall equally good for planting. Certainly the work of improving the town ought to be kept up in both seasons.

It is a problem nowadays to get trees that will offer firm resistance to insect pests. In the early days of this country, elms were a special favorite. The old time villagers used to go out in gangs and plant them along their streets. Thousands of old time towns are to-day shaded with wonderful rows of ancient elms, whose interlacing branches form a lovely gothic arch.

The wide sweeping curve of elm foliage has a most unique beauty. In elm shaded regions, wealthy men buy up trees located miles from their homes, merely to preserve the beauty of the view.

Comparatively few elms are planted now. They are too sensitive to insect pests. In the early days the abundant stock of birds held down the ravages of our foliage. But nowadays there are large classes of people who think that birds are chiefly valued for pot pie. This depletes the food supplies, drives away the songsters, and removes protection from tree foliage.

Probably the whole country over, no tree is more popular than the maple with its thick mass of shade. All who ever visited the city of Paris know the possible beauty of horse chestnuts, particularly in their blooming time. The Lombardy poplar, whose tall plumes line the highways for so many thousand miles in Europe, are increasingly a favorite here. As quick growers they are wonderful to fill bare spots, though their interlacing roots work havoc. These are only a few of the many varieties, the proper planting of which would not merely make real estate more valuable, but add to them charm of our town.

FARMERS' INSTITUTE MEETING AT WINCHESTER CALLED OFF

Commissioner of Agriculture Cohen has called off the State Farmers' Institute, scheduled to be held in Winchester, February 28, March 1 and 2. Commissioner Cohen found that it would be impossible to secure accommodations for the delegates, as Winchester is overflowing with oil men.

Lexington and Hopkinsville are bidding for the institute and if suitable dates can be arranged later it is probable that the meeting will be held in one of these cities. As the institute has been advertised to be held in Winchester, Commissioner Cohen is of the opinion that the time is too short to prepare to hold it in either of the other places on the same dates.

SEVERE COLD QUICKLY CURED.

"On December first I had a very severe cold or attack of the grip as it may be, and was nearly down sick in bed," writes O. J. Metcalf, Waterbury, Mo. "I bought two bottles of Chamberlain's Cough Remedy and it was only a few days until I was completely restored to health. I firmly believe that Chamberlain's Cough Remedy is one of the very best medicines and I will know what to do when I have another cold." Obtainable everywhere. (Feb-adv)

STATE UNABLE TO MAKE COUNTIES PROVIDE ROADS

Attorney General Logan has given Rodman Wiley, Commissioner of Public Roads, an opinion in which he held that the State has no means of compelling a county to maintain a road built jointly with State and county aid except by withdrawing State aid. When a county fails to maintain the road in accordance with the law, Attorney General Logan says that the Commissioner of Public Roads must notify the county that it can not receive any more State aid until it makes provision for the maintenance of State aid roads.

A Southerner Says It—It's True

He Speaks It—

Writes It—

and Thinks It—

It seems somehow that the love of truth is inborn—in every Southerner and it sticks right close to him for all his days—just like a life-long friend.

That's why, friends, when I hear people praising me all over the South—saying "SOVEREIGN is King of Them All"—well, it is true—that's all.

For example, I heard one gentleman say the other day:—"Here is the finest ciga-

rette I ever smoked. I never buy any other. The finest product of Virginia and Carolina tobacco, in all its mildness, and sweetness and mellowness."

Yes—It's great to be a SOVEREIGN. It's fine to have real breeding back of you, to be brought up in a fine, white, healthy home,—and to hear so many nice things from so many friends down South here among you all. And the reason is just this—it's because—

You Folks of the South KNOW good blood!
You Folks of the South KNOW good tobacco!

No doubt of it all. Good breeding does count. Quality does tell. So, let's you and me be the real friends that we ought to be. And, here is something more for you to think about—

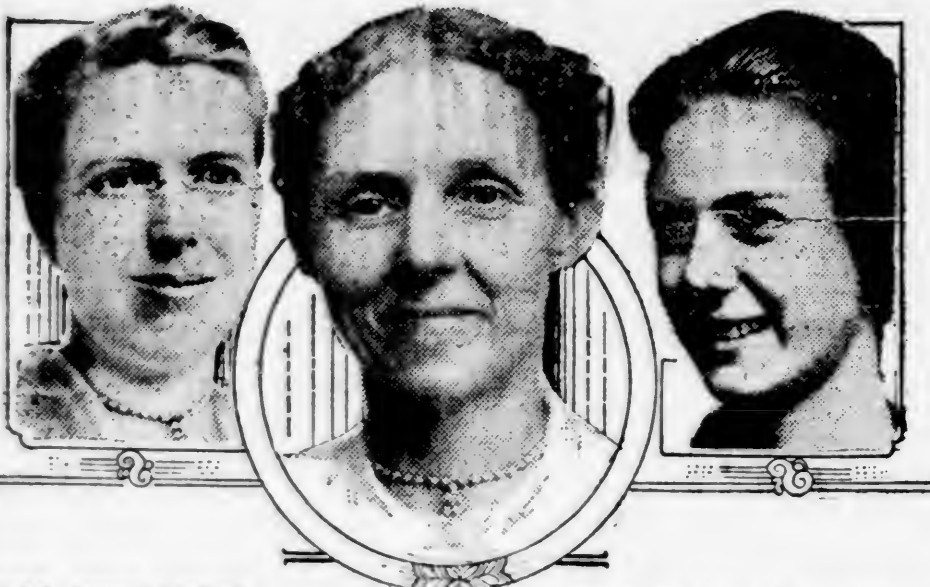

I am guaranteed by *The American Tobacco Co.* —Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.

"King of Them All"

HERE'S A HAPPY "TANLAC FAMILY"

Sisters Join Their Mother In Declaring Tanlac Meant New Start In Life For Them.

MRS. JOHN LOWE.

MISS FRANCES BURNETT.
MRS. S. C. BURNETT.

"Someone suggested the other day that we tack a sign on our house saying, 'This Is a Tanlac Family.' That's because my two daughters and I talk so much about Tanlac. We all wear the Tanlac Smile, too," Mrs. S. C. Burnett, 1408 Walnut street, said.

"But why shouldn't we talk about it when we feel that it has done us a world of good. Everyone of us has been helped by Tanlac and I'll tell you we can't say too much for it."

"First my older daughter, Mrs. John Lowe, tried it. She had lost 30 pounds and was so run down and nervous that even the rumbling of a wagon or the slamming of a door would upset her for hours. We feared we would have to send her to a hospital."

"I honestly believe that Tanlac saved her from complete breakdown. Nothing else seemed to help her. But Tanlac put her on her feet again right quick. Today she is one of the happiest women in Cincinnati."

"Then Frances became run down—sort of half-sick. She had dizzy spells. We were going to take her out of school because she kept complaining of spots and webs before her eyes. Her complexion got pasty and she didn't look a bit well. Tanlac however, proved to be just the thing she needed and now she is back in good health again."

Mother Was Half-Sick.

"As for myself, I felt almost the same as Mrs. Lowe. My stomach troubled me. My appetite was poor and I suffered after eating with bloating and belching of gas. But with the help of Tanlac I got rid of these troubles and now I feel simply splendid."

"But I started out at first to tell

you about Mrs. Lowe. She simply thought she was going to die. She felt so bad I believe she almost would have been glad to have it all ended. It was just pitiful to watch her. Her weight dropped from 140 to 110 pounds. She couldn't eat without being sick. We had just about given her up. Then we heard of Tanlac and she tried it. All of a sudden she seemed to take new interest in life. Within a week she began eating solid food, just like she did before she had trouble with her stomach. The food nourished her, too, and she began taking on weight. She slept sound and it seemed like no time before she was feeling well again."

Helps Youngest Girl.

"One day Frances was up to see her sister. She's the youngest, you know. She was feeling bad and Mrs. Lowe gave her some Tanlac. It made her feel better and she came home and said, 'Mama, I believe that new tonic that helped sister will do me some good. Please get me a bottle.' So I did and do you know that in a week she began to feel better. Now she eats all she wants, sleeps well and doesn't have those dizzy spells or spots before her eyes when she is studying."

"I was such a firm believer in Tanlac by the time it had built up the health of my two girls that I got some for myself. It certainly toned up my system. I used to have nervous spells but they are all gone now. I got back my appetite and now I sleep as well as I did before my stomach started to bother me."

"I tell you Tanlac has done a lot for our family and we can't say too much good about it."

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in PARIS by Varden & Son. Other exclusive agents in nearby towns are as follows:
HUTCHISON Snell & Wood; MIL-

WAR DEPARTMENT CALLS FOR RECRUITS

WASHINGTON, Feb. 19.—The War Department has called upon individual citizens, patriotic societies and organizations, many of which have offered their services since the break of relations with Germany, to help get recruits for the army.

It is the first step of the kind ever taken by the government in time of peace, army officers say, and is regarded as a forcible illustration of the need the army feels for more men.

A circular letter sent out is introduced with a statement that those who are interested in preparedness "can render no more effective service at present than by using their utmost influence to recruit the regular army to the strength authorized by law."

Particular emphasis is given in another section of the letter to the desirability of having individuals, societies or associations give immediate assistance in obtaining the men now needed.

The plans are specified by which the assistance can be rendered. The first is "by encouraging the qualified men to enlist at once," and the second suggests that information be given "to the nearest recruiting officer for the army as to the names and addresses of qualified men who are likely to enlist."

All the regiments need from 200 to 400 additional men.

The Navy Department also has asked assistance from civilians and organizations in recruiting work. Rear Admiral Palmer, in charge of recruiting work, said that the Navy League was conducting an active recruiting campaign and other similar bodies were being interested in the work. More than 1,400 recruits were enlisted by the navy last month and indications are that a new record will be made in February.

U. S. SAILORS LIBERATED.

BERLIN, Feb. 19.—America Government, who were brought prisoners to Germany, on board the British steamer Yarrowdale, have been liberated.

NOT NECESSARY NOW.

WASHINGTON, Feb. 19.—The United States late Thursday had announced its intention to make a peremptory demand upon Germany to release forthwith the seventy-two American sailors held prisoners after their capture of the British steamer Yarrowdale. That it would countenance no effort to delay their liberation on whatever pretext was made very clear.

THE BEST RECOMMENDATION.

The strongest recommendation any article may receive is a favorable word from the user. It is the recommendation of those who have used it that makes Chamberlain's Cough Remedy so popular. BERNSTORFF ON WAY HOME.

WASHINGTON, Feb. 19.—Carrying safe conducts from Great Britain and France for himself and party, Count von Bernstorff, the retiring German Ambassador to the United States, has started on his way for Berlin. After touching at Halifax for an examination of her cargo by the British authorities, the steamer Frederick VIII, on which the Ambassador is a passenger, will sail for Copenhagen, whence the party will make their way into Germany.

WONDERFUL STUFF! LIFT OUT YOUR CORNS.

Apply a Few Drops then Lift Corns or Callouses Off With Fingers. On Pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called Freezone and is a compound of ether discovered by a Cincinnati man.

Ask any drug store for a small bottle of Freezone, which will cost just a trifle, but is sufficient to rid one's feet of every corn or callous.

Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness or callosity will loosen and can be lifted off with the fingers.

This drug Freezone doesn't eat out corns or callouses, but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have Freezone have him order it for you. (adv)

CONSTIPATION MAKES YOU DULL

That draggy, listless, oppressed feeling generally results from constipation. The intestines are clogged and the blood becomes poisoned. Relieve this condition at once with Dr. King's New Life Pills; this gentle, non-gripping laxative is quickly effective. A dose at bedtime will make you feel brighter in the morning. Get a bottle to-day at your Druggist, 25c.

Germany, it is said, wants to prevent war with the United States, but Germany knows how that can be done, having been informed in plain language by President Wilson more than once.

SOMETHING GOOD.

Those who hate nasty medicine should try Chamberlain's Tablets for constipation. They are pleasant to take and their effect is so agreeable and so natural that you will not realize that it has been produced by a medicine. Obtainable everywhere. (Feb-adv)

HAS NARROW ESCAPE.

Presence of mind in an emergency enabled Mrs. Frank J. Trisler to save herself from being seriously burned, when her clothing caught fire from a gas stove. Mrs. Trisler was standing with her back to the stove, when her clothing caught fire from a sudden burst of flame from one of the jets in the stove. Mrs. Trisler managed to get the outfit cloth gown unbuttoned and discarded in time to save herself from serious and perhaps fatal burns.

FEBRUARY EVERYSTUDENT.

The February number of "Everystudent," the Paris High School monthly publication, is just off the press of THE NEWS job rooms, and is a most creditable issue, being brimful of good things from first to last. The contributions by the students to the current issue of the well-known publication are especially noteworthy. Among them are: "Basket Ball Chat," and "Maysville Defeated," by the athletic editors; "An Attack of Small Pox," by Silas Bedford, Jr.; "Translations of German Poems," by Fannie Heller, Edna Snapp, Vernita Baldwin and Mabel Galloway; "Why It Pays to Tell the Truth," by Elizabeth Snapp; "Justice," by Wm. Brophy; "Woods in Early Spring," by Dorothy Tingle; "Truth," by Thelma Squires; "Hope," by Jennie Link; editorial contributions by members of the staff; "Was it a Dream?" by Lottie Crowe; lyric poems on "Truth," "Thoughts," and "Faith," by Edna Snapp, Ruth Linville and Eleanor Lytle; "Truthfulness and Honesty," by Raymond Connell; "Honesty," by Robert Lavlin; "The Death of Brutus and Cassius," by Virginia Dundon; "Scansion," by J. Taylor, and "A Quilting Party," by Louise Connell.

TWO FARMS SELL SATURDAY.

Auctioneer Geo. D. Speakes sold at the court house door in this city Saturday afternoon, for Mr. S. Kenneff Nichols, of Paris, his farm of 292 acres, located on the Bethlehem pike four miles from Paris, at \$160 per acre. Mr. W. B. Allen, of Paris, being the purchaser. The farm is one of the best in the county, being well improved, and has on it a substantial brick residence of seven rooms, which has only been built a few years. The farm has been used for nearly forty years as a stock farm, and has a large acreage that hasn't been plowed under for over twenty years, having been retained as pastureage for the Nichols the purchaser. The farm is one of the best there.

Auctioneer Speakes also sold on Saturday morning for Mr. Luneford Talbott, the latter's fine farm of ninety-one acres, located on the Levy pike, one and one-half miles from North Middletown, to Mr. Wm. McCray, for \$120.50 per acre. This farm has on it a comfortable residence of eight rooms and all necessary barns and other improvements. Mr. Talbott has been in poor health for some time, and decided to dispose of his county home and retire from farming.

CHANGE OF FIRM AT CITY RESTAURANT.

Mr. J. M. Tunis, senior member of the firm of Tunis & Panetos, proprietor of the City Restaurant, adjoining Fordham Hotel, has sold out his interest in the place to Mr. Telem Salamas, who has been conducting a restaurant in Mt. Sterling for several years. Mr. Tunis will return to Danville, where he will form a partnership in the restaurant business with his brother Mr. Gus Tunis.

The business of the City Restaurant in the future will be conducted by Mr. Salamas and Mr. Angele Panetos, junior member of the old firm, under the firm name of Panetos & Salamas, retaining the old name of the City Restaurant. The patrons of the old firm regret the departure of Mr. Tunis, who, by his gentlemanly manners and close attention to the wants of his patrons, made a host of friends here.

CONNELL A SPORT WRITER.

Mr. J. Thornton Connell, son of Mr. and Mrs. John J. Connell, of Paris, who is a student at the Kentucky University, in Lexington, and member of the reportorial staff of the Kentucky Kernel, the official publication of the University, made his debut as a sport writer in the last issue of the Kernel. Mr. Connell contributed a classically-written account of the Tennessee-Kentucky basket ball recently played at Lexington.

FROZEN TO DEATH.

George Brent, an aged negro, who had been in slavery times the property of the late Brutus J. Clay, in this county, was found dead in bed in his room in Singer's Alley, in this city, where he lived alone. There had been no fire in the place apparently for several days, and Brent's death had been caused by exposure, he having literally frozen to death.

SINCE WHEN?

The Tampa, Fla., correspondence of the Sunday Courier-Journal in its notes of Kentucky visitors, has the following:

"The Rev. W. A. Freeman and Mrs. Freeman, of Paris, are at Fort Myers for a few weeks' stay. Mr. Freeman is pastor of the First Methodist church at Paris, and preached at the First Methodist church at Fort Myers last Sunday."
"Mr. and Mrs. M. H. Darby and child, of Paris, are recent arrivals at Fort Myers."
"Mrs. May Stoner Clay and daughter, Miss Alice Rogers Clay, of Mayfield, and their guest, Miss Jeanette Sherrill, have gone from Fort Myers to Naples to spend several weeks."

SOLDIER BOYS RETURN.

Thirty-nine members of Co. C., Second Regiment, Kentucky National Guard, recently returned from El Paso, Texas, to the military station at Ft. Thomas, near Newport, have arrived in Lexington. The members will return to their homes as soon as mustered out of service. Among the number are Jos. Holt, Alvin Thomas, Roy Keller, all of Paris.

SUPPER POSTPONED.

The oyster supper scheduled for Friday night by the members of the Baraca Class of the Paris Baptist church, has been indefinitely postponed. Matters which came up after the date for the supper had been decided upon, caused a change of plans. The supper will be held some time soon, the time and place to be announced later.

GREAT TIME IN LOCAL PYTHIAN CIRCLES.

Thursday night will be a great time in local Pythian circles, as it will be the celebration of the founding of the order by Justus Rathbone, over sixty years ago, and will also be in the nature of a homecoming celebration for the members of the order.

The members of Rathbone Lodge No. 12, of this city, are making extensive preparations for celebrating the event. A fine program of decidedly interesting features has been prepared and will be carried out to the very letter. The principal address of the evening will be made by Past Grand Chancellor R. A. Young, of Winchester, and addresses will also be made by members of the local order, who are used to speaking in public.

The Third Rank will be conferred on a number of candidates by the Degree Team of Rathbone Lodge, and at the conclusion of the work a luncheon will be served, and the members of the lodge and their guests will have a smoker and general all-round good time. Every member of the local lodge is urgently requested to drop everything else they may have on hand for Thursday night, and attend the meeting, which gives promise of being one of the biggest events in the history of Pythianism in Paris.

ST. MARY'S COMING.

The report was given out that the Y. M. C. A. played its last game of the season on the home floor with Versailles, some week ago, which was in good faith, at the time. The local schedule was ended; but in response to the evident interest manifested in a game to be played between this team and the one representing St. Mary's College, (party because of the fact that a Paris boy is a member of the latter team), the "Y" is scheduling this contest at twice the expense of any previous.

The above reasons should guarantee an unusual interest on the part of those interested in either of the teams or both. Furthermore the St. Mary's team is a good one we hear; added evidence being afforded by the fact that they beat the strong Richmond Normal team decisively. It is remembered that the latter beat Centre College earlier in the season and broke even with the local team in two games, Paris winning the first and E. S. K. N. the second.

The Y. M. C. A. squad was crippled severely before the last two or three games, by the loss of two of its best men. It is hoped that by Tuesday's game Dawes and Thompson will be able to join the team in one final reunion and help end the season with a victory for Paris.

The game will be called Tuesday night, February 20, at 8 o'clock. The regular admission of 25 cents will be charged.

IMPORTANT NOTICE TO THE PUBLIC.

According to a recent act of Congress, the Paris postoffice will be closed on all National holidays.

Beginning Thursday, Feb. 22, (Washington's Birthday) there will be no mail delivered by either city or R. F. D. carriers. No business whatever will be transacted except the dispatching of the regular mail on the trains, the delivery of special delivery letters and the service of those having boxes, similar to that previously rendered on Sundays.

There will be two collections on Main street, between Second and Fourth streets—one at 8:30 a. m. and the other at 4:00 p. m.

LOCAL ENTRIES IN BIG LATONIA STAKE.

Entries to the big \$40,000 Latonia Championship Stake for three-year-olds for 1916 are coming in at a rapid rate. General Manager John Hachmeister, of the Latonia Jockey Club, announces that he is confident that a total of three hundred will be reached, and that even this figure may be exceeded.

Mr. Arthur B. Hancock, of Paris, will be represented by sixteen sires. Eighteen of his entries are by his own great sire, Celt, the other American sire being Prince Adhem, Vulcan, Peep 'O Day, Plaudit, Fair Play, and Ballot. Representatives of such great race horses and sires as Polymelus, Santry, Spanish Prince, Myrom, Adam Bede, Sun Star, Spearpoint and Junior make up his list.

BOURBON MAN BUYS PART OF ELMENDORF.

Mr. Beverly White, of Bourbon county, has purchased three hundred acres of the Elmendorf estate, lying on the Maysville pike, in Fayette county, near the Muir Station pike.

Mr. White has been a very successful farmer in Bourbon county for several years, and was the owner of the Hutchcraft farm near Hutchison. The Elmendorf lands which he bought lie in triangular form, and one well-improved for stock-raising purposes. There is a commodious house upon the farm, which Mr. White proposes to remodel and improve, and occupy it as a home.

The report of the sale was confirmed yesterday by Mr. C. H. Berryman. It is understood that the purchase price was about \$70,000.

A program of patriotic music and recitations has been arranged and will be presented, to be followed by a series of colonial dances by young ladies and gentlemen attired in the costumes of the Revolutionary period. A social hour will follow the rendition of the program, during which handsome young ladies, attired in Colonial costumes, will serve refreshments. An invitation is extended to the public to attend.

"MINIATURE EPIDEMIC" OF GRIP PREVALENT IN CITY.

Paris physicians report that there is a "miniature epidemic" of grippe in this city at present. Quite a number of prominent citizens have contracted the dreaded and disagreeable disease, with the result that they are temporarily domiciled at home under duress, or are dragging out a miserable existence hoping the disease will leave them of its own accord. The grippe is quite busy at this time in all walks of life in Paris, and is scoring heavily on all sides. So that if it is going to be the fashion to have the grippe we had better be dead than not be in style.

Messrs. Taylor and S. R. Blackburn, of near Shawhan, who recently purchased farms in Spencer county, held a sale of farming implements, stock, crop, etc., on the farm of Mr. S. R. Blackburn, at which good prices were realized. Corn brought \$5.50 per barrel, in the crib; cow and calf \$94; one cow, \$64; one cow, \$40; horses from \$50 to \$126; hogs from \$6 to \$33; cattle from \$30 to \$45; one tobacco setter, \$49; one cutting harrow, \$18.

Mr. Taylor Blackburn has already moved to his new home, and S. R. Blackburn will follow as soon as he has arranged his business affairs here.

HUNDREDS OF ROBINS MAKE SUNDAY VISIT.

A most unusual sight was witnessed by scores of persons in Paris, Sunday. Hundreds of robins, said to be harbingers of an early spring, suddenly appeared, apparently coming from nowhere in particular, following a warm rain which fell Sunday morning. They filled the air with their whistling call and flocked in large numbers in the trees and on lawns of residences. They were thicker than the English sparrows, who flew around them in large numbers as if questioning their advent here as this early date. A Paris business man returning from Georgetown, Sunday afternoon in his automobile said the trees and fields along the pike were full of robins. His theory was that the birds had been kept prisoners by the recent cold spell and a hard time getting food while the heavy snows remained on the ground. The warm spell gave them an opportunity to get out and rustle for a livelihood. The robins are always welcome visitors in any community.

THIS HAS BEEN A
WINTER OF MANY SNOWS

Ten "tracking" snows and several whacking snows, have fallen in the good old city of Paris (and a few other places in Kentucky) since December 14. There is an old saying that the day of the month on which the first "tracking" snow falls determines the number of heavy snows that are to fall the remainder of the winter. If that be true, we are in for four more falls of the beautiful fleecy, feathery stuff between now and the time when the ground hog lets us off from further punishment.

This has been a typical old-fashioned winter from its beginning. It has been marked by unusually high winds, by unusually heavy and numerous snows, by unusually long ice harvests, and by an unusual number of cold waves during which the mercury went near, or below, the zero mark.

A bold, robust winter, somewhat marred by the high price of coal and at one time a shortage of natural gas, but healthful for very vigorous persons, and enjoyable to many, more especially to the youngsters with sleds and young folk fond of skating. Still, there can be found a large per cent of human beings who have shivered and shook with the rigors of this winter who will "have no bones to pick" with the weather man when he throws on the lever that controls the returning summer season, and gives us some warm weather, when we can at least get out of doors once in a while without being bundled up like an Eskimo, or having our words freeze into

lumps of ice when we attempt to pass a few words of conversation on the streets with a friend.

GEE! BUT IT'S GREAT TO
HAVE MUCH MONEY:

Charlie Chaplin, the Americanized English comedian, who has coined thousands of American dollars by his eccentric style of comedy, and who has recently decided to become an American citizen, has cabled a subscription of \$150,000 to England's "win-the-war" loan, which closed in London, Friday.

Of course Charlie has a perfectly good and legal right to dispose of his money as he sees fit, but just to think of all that good American-earned coin going into the coffers of the English Army and Navy. Wonder if Chas. would subscribe that much to the country that has made him what he is? Well I vum!

RAILROADS ATTEMPT RE-
LIEF OF CAR SHORTAGE

In an attempt to relieve the transportation situation thirty leading railroads held a meeting in Washington with the Interstate Commerce Commission and declared an embargo on all export shipments to the Eastern seaboard; curtailed domestic shipments east as much as possible; promised to send "empties" west in solid trainloads with right of way over all but passenger trains, and exchange car for car with their Western connections.

\$23,000,000 PAID OUT FOR
KENTUCKY TOBACCO.

Commissioner of Agriculture Mat Cohen has finished compiling reports of tobacco sales in Kentucky for the month of January, which sales with amounts, average and total price, are summarized as follows:

The 1916 Burley crop thus far marketed by growers has amounted to \$13,894,547.16, an average of \$17.56 for the crop of 76,125,949 pounds.

Sales made for dealers amount to \$4,508,949 and resales to \$771,491, a total of 1916 crop tobacco transactions for the month of \$19,174,987, or an average of \$17.40, the prices paid to farmers averaging higher than the dealers' price or resale prices.

At the same time over seven million pounds of old tobacco was marketed at an average price of \$14.80.

The report shows sucker tobacco averaging \$11.10, unfired dark tobacco at \$1.05 and dark fired tobacco at \$10.85. The Green River crop next to Burley in value brought \$1,366,851, or an average of \$11.60 for about 11,781,000 pounds.

The total transactions in all tobaccos for the month amount to over twenty-three million dollars.

Any healthy boy can tell you that most any man might be elected President of the United States, but that it takes a real hero to pitch a no-hit game.

If those Navajo Indians go on the warpath, the cost of Navajo blankets may go up.

ANOTHER CHANCE FOR
THE LANDLESS MAN.

A Texas banker has outlined a plan by which the man with no land can buy a farm by the aid of the new farm loan act. It is simply that land-owners who wish to sell accept the money that can be borrowed on the land as their first payment that can be borrowed on the land as their first payment and allow the purchaser to give a series of long-time, second mortgage notes for the balance of the purchase money. He is urging country bankers to sell on these terms.

The thing can be done. Doubtless it will be done in many cases. But it can be done only when the seller of the land can afford to wait a long time for part of his money, and when the purchaser has the sort of reputation that can be added to the second mortgage as an asset.

The new law should be of some service in enabling the man without land to get a home and possibly in helping to bring about a better distribution of the big bodies of land held by men lacking the capital to work them or simply holding on for a possible advance in prices. But it will not solve either the tenant problem or the problem of injurious speculation in land. Only a shifting of taxes from the improvements put on land to the site or social value of the land itself can do that.

Wire nets are to be used to guard the port of New York, but wireless will also be a great help.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know a little given to-day saves a sick child to-morrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine made by the "California Fig Syrup Company."

DRASTIC PROVISION IN POSTAL BILL.

WASHINGTON, Feb. 19.—The Senate has adopted a drastic amendment to the postal bill making it a crime for persons in dry States to order, purchase or cause to be transported any intoxicating liquors into such States.

Another amendment by Senator Reed to make it a crime also for persons in dry States knowingly to receive, sell, or give away intoxicating liquors was rejected.

The Webb resolution proposing a National prohibition constitutional amendment, was reported to the House Thursday, with a majority committee report in its favor and a minority report opposing it. Democratic Leader Kitchen said it would be taken up in the House within a week. He predicted it would pass the House by the necessary two-thirds, but probably would not be acted upon in the Senate before adjournment of Congress March 4.

The majority report declared that "inasmuch as more than 60 per cent. of the population of the United States lives in dry territory, it is incumbent upon Congress to submit the question of National prohibition to the States. The States of the Union can prevent its adoption; but if, on the other hand, thirty-six States desire such change, they should have the right to make it, and it would appear to your committee that the question is now one of sufficient importance to them so that they may pass upon it."

ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION

"Pape's Diapepsin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes.

You don't know what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt, if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and cruetate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women to-day know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized. (adv)

LEGISLATURE GETTING DOWN TO BUSINESS

FRANKFORT, KY., Feb. 19.—Freed from the two-thirds rule, so that a majority of the members present, if a quorum, control on all questions, the House gave the State Tax Commission Bill its first reading, and adopted a resolution to consider the revenue bills in committee of the whole. The Rules Committee was directed to formulate a plan for managing the committee. The House went into committee this morning to begin consideration of this first bill, which was reported by the Committee on Revenue and Taxation without expression.

The Senate, after Thursday adopting a joint resolution expressing confidence in President Wilson and approval of his course in relation to the European war situation and submarine controversy, adjourned until Monday, having nothing to do until the House passes a bill.

HOUSE BILL NO. 1 REPORTED. FRANKFORT, KY., Feb. 19.—No time was lost by the Revenue and Taxation Committee in reporting House Bill No. 1, introduced by Representative Oliver. This bill creates the State Tax Commission of three members appointed by the Governor for four year terms at a salary of \$4,000 annually, to be in continuous session, devoting full time to office and appropriating \$20,000 annually for expenses and salaries of clerks and assistants. The bill further provides that the commission will assume assessing the duties of the Board of Equalization, the Board of Valuation and Assessment and the Railroad Commission, but not the duties of the State Revenue Agent. The bill, which was reported without an expression, was given its first reading at length and placed in the House calendar.

—Messrs. J. G. Allen and R. L. Powell, and Mrs. Minnie Hurst are convalescent. Mrs. J. B. Cray is on the sick list.

—Mr. W. M. Vimont, of Maysville, was the guest of his mother, Mrs. Martha Vimont, and sister, Miss Florence, Saturday and Sunday.

—The infant of Mr. and Mrs. Hopkins, residing in a part of the home of Mrs. Russell Mitchell, died Saturday, and was interred Sunday in the Millersburg Cemetery.

—Blanche, the eight-year-old daughter of Mr. and Mrs. Quinn Toadwine died Wednesday night after a lingering illness of tuberculosis. Funeral Thursday morning from the home, after which the body was placed in the vault, and will be interred later.

—The home of the late Miss Vina L. Vimont was sold at public sale Saturday afternoon by Auctioneer George Speakes, of Paris, to Mr. G. W. Bramblette, for \$2,950. Mr. Bramblette will put the property in thorough repair, and make an ideal home out of it.

—Mrs. Adella Peterson, aged about forty-seven, died Saturday at 10 p. m., at her home, after a lingering illness of tuberculosis. Mrs. Peterson has been in failing health for several years, and for several months her life has been all but despaired of. She was formerly Miss Adella Allen, and is survived by five sisters and one brother. About twenty-five years ago she was united in marriage to Mr. William Peterson, a prosperous farmer, their entire life having been spent in and around Millersburg. Their union was blessed with one daughter, Miss Margaret Peterson, now Mrs. J. E. Paul, who, with her husband, resides with her mother. Mr. Peterson died about three years ago. In March, 1915, Mrs. Peterson and daughter moved to town from their farm, remaining here one year, after which they returned to the farm. Miss Peterson and Captain Paul being married last fall, Mrs. Peterson belongs to one of the best families of this community, and was a devout Christian woman, uniting with the Methodist church early in life. For several years her failing health prevented her from taking an active part in church work. She was a devoted wife and loving mother, a true friend, taking a deep interest in everything about her that was for the good and upbuilding of this community. The funeral services were held Monday at 10 a. m., at her late residence, by Dr. C. C. Fisher, of the M. C. assisted by her pastor, Rev. J. W. Gardner, Rev. J. D. Reid, P. E. of the Maysville District, and Rev. A. S. Venable, of the Presbyterian church. Interment in Millersburg Cemetery. A large number of relatives and friends followed the remains to their last resting place.

—The writer has received numerous compliments regarding the "History of Millersburg From 1889 to The Present." Miss Bettie Vimont says, "I do not want to miss a single copy of it. If this continues I will subscribe for THE BOURBON NEWS. In time we will all get there. I am sorry that it is not a complete history, but I know this would be laborious task." Mrs. America Butler says: "I am enjoying the history of Millersburg. I will subscribe for the paper if this keeps up. My sister, Mrs. Savage, of California may brother, Mr. J. A. Miller, and myself, are the only three living grandchildren of John Miller, the founder of Millersburg. When the town site was laid off and divided into lots every other lot was given away, so as to induce buyers." Mr. R. B. Boulden, of Pueblo, Col., says: "I am reading your history of Millersburg with out here and must say that I am enjoying it. I am glad that you have thought of this. If I can serve you in any way I will be glad to do so. I have in my possession some of the early deeds recorded in Millersburg, which name the three streets running parallel with Main. This was done in recent years. Up to this time they were known as East and West Back Streets. At the time I was writing insurance a representative from one of the well known old line companies was with me, I described certain property as being located on East or West Back Street. He Vimont, one of the early pioneers of it. These streets have no names." He said, "Give them names, and I will see that the company will stand by you in it." I showed him a map of the town and I called West Back Street, Trigg Avenue, as the Trigg property was the only property for many years that was opened from Main to that street. I called East Back Street, Vimont Street, on account of the old residence of Lewis Vimont, one of the early pioneers of Millersburg, which occupied the site where the colored Methodist church now stands, and was for a long time known as the old St. James. I called Second East Back Street, Miller Street for the founder of Millersburg. Keep this up, communicate with me from time to time. I am not able to assist you very far back in all the property, but will do my best."

HANNA.

The remains of Mr. John Hanna, well-known throughout Central Kentucky, who died at the Good Samaritan Hospital, in Lexington, last week, were taken to Ironton, Ohio, for interment.

Mr. Hanna had been ill but a short time, having been taken to the hospital suffering from an attack of pneumonia. He had for many years been engaged in the piano tuning business, and had become a familiar figure in Paris, as well as in other towns in this section. He is survived by his widow and two children, two sisters and one brother. Mr. Hanna some time ago suffered the loss of all his tools in a fire in Lexington, but pluckily refused to be cast down, and went to work with a good will to repair the loss. He had been in business in this section for over forty years.

HALEY.

Mr. Brent Haley, aged thirty-three, died in a Lexington hospital Sunday morning, after a short illness. He was a son of Mr. and Mrs. W. W. Haley, of near Clintonville. The funeral was held at the family residence near Clintonville yesterday afternoon at 2:30 o'clock, with services conducted by Rev. Paul Rhodes, pastor of the Clintonville Presbyterian church. The burial followed on the Haley lot in the Clintonville Cemetery. The pallbearers were, Sam Weathers, Thorne Tadlock, Albert Haley, Henderson Shropshire, Will Crim, and Jefferson Weathers.

HARDY.

—Mr. Manlius Hardy, one of the pioneer residents of Clark county, died in Lexington, Friday night, after a short illness of pneumonia. A few days ago his home near Winchester was destroyed by fire, and Mr. Hardy came near losing his life in an effort to save some of his personal effects. He was carried from the burning home to the residence of his son, Mr. Roger Hardy, and was later taken to Lexington for treatment.

"Dr." Hardy was one of the best-known men in Clark county. He was a pipe-maker by trade, and had sent a handsomely hand-carved briar root pipe to every President of the United States since the Civil War. He had personal letters from all the Presidents in response. These were destroyed in the fire, together with a carefully made pipe which he was having packed to send to President Wilson, intending it to reach him on his inauguration day, March 4.

RENICK.

The funeral of Mr. Scott Renick, of Clark county, who died suddenly in Havana, Cuba, last week, where he had gone for his health, will be held at the residence in Winchester, this afternoon, (Tuesday) at two o'clock, with services conducted by the pastor of the Winchester Presbyterian church, of which Mr. Renick was a member. The burial will follow in the Winchester Cemetery.

Mr. Phelps Renick, of Winchester, who went to Havana immediately upon receipt of the news of his father's death, telegraphed relatives that the body had been shipped from Havana and would arrive in Winchester, Monday.

The cause of Mr. Renick's death, it has been definitely ascertained, was a recurrence of a paralytic stroke, which had suffered some time ago. The remains were accompanied home by Mrs. Renick, who had been spending the winter in Miami, Florida.

Mr. Renick had a large circle of friends and acquaintances throughout Central Kentucky, to whom the news of his death came as a shock. He was very popular among the farmers, and was a man everybody liked.

ARKLE.

Mr. Baillie Arkle, one of the best-known of the older generation of Paris builders and contractors, died at his home in this city Saturday night, after a short illness of pneumonia. Mr. Arkle at the time of his death, was in his eighty-fourth year. He had always led an active outdoor life, and it was in pursuit of his calling that he caught a severe cold, which finally developed into pneumonia.

Mr. Arkle was a native of England, and came to America when quite a young man, coming from New York to Kentucky, where, after various locations, he settled in Paris to follow his trade, that of a carpenter. Mr. Arkle soon became one of the best-known contractors in the city. He was actively engaged in working at his trade until a short time before his death.

Mr. Arkle is survived by his widow, Mrs. Agnes Arkle; two daughters, Mrs. George Croisdale and Miss Ida Arkle, both of Paris; four sons, Messrs. John and James, of Paris, Thomas Arkle, of Lexington, and Albert Arkle, of Covington.

The funeral was held at the family residence on Second street at three o'clock yesterday afternoon, with services conducted by Rev. W. O. Sadler, pastor of the Paris Methodist church, assisted by Rev. George H. Harris, rector of St. Peter's Episcopal church. The burial followed in the family lot in the Paris Cemetery. The pallbearers were, James R. Stivers, Harry B. Fithian, Roy Turner, E. B. January, George Croisdale, George R. Bell.

THINGS TO WORRY ABOUT.

Several Kentucky towns have inaugurated "Pay-Up Week" for the purpose of having everybody help just a little in releasing some of their stored-away coin by paying their debts, thus enabling some other fellow to pay his. We think "Pay-Up Week" is a brilliant idea, but just suppose one is in the condition of—

A man who was deeply in debt. Said "Things are as bad as they get; I'll worry no more. Let the rest walk the floor; I'll pay when I can, but not yet."
